Each golfer will pay a total of \$5.00 each week which will go towards proxies, low gross score, and the pot for the person(s) with the most points at the end of the season.

Format: Players will be playing a 9 hole two person scramble. Anyone can play as often or as little as just one time. Please feel free to invite anyone to play, even if they can only play on a limited basis or are a guest and will only be playing once. Players must be at course promptly at start time to enter your marked golf ball into random ball draw to see who partner is for the day. Team ball drawing will take place each week at 4:45 pm, with golfers starting out as soon as draw is done. We will try to do a shotgun start if enough players and the golf courses are open enough to do so.

Point System:

4 points to each player for first place.

3 points each player for second place.

2 points each player for third place.

1 point per week for just participating.

After nine hole scramble, we will then go to a different restaurant each week with everyone on their own for dine and wine.
